Dear Ms. Rhodes,

Thank you for your recent correspondence regarding the proposed development of Crebilly Farm.

Although, as Chester County Commissioners, we have no jurisdiction regarding approval of developments such as this, we do ensure that representatives from our Planning Commission and our Department of Open Space Preservation take every opportunity to work municipalities, developers and land conservancies, to remind them of the impact that proposed developments such as this would have on the preservation of historic properties and open space, as well as traffic implications.

We appreciate you contacting us and voicing your concerns regarding the development of Crebilly Farm. We will continue to endeavor to work with all parties to the greatest extent that we, as County government, are able – to address the issues of historic preservation, open space preservation and traffic controls.

Sincerely,
